ABHIJEET BHASKAR

Front End Developer

+91 7982072498 • abhibhas6@gmail.com • abhijeetbhaskar.github.io • New Delhi, India

🖵 Summary

Highly skilled and motivated Frontend Web Developer with 4+ years of experience in building responsive and scalable web applications using React.js, JavaScript (ES6+), TypeScript, and modern web technologies. Proven track record of delivering high-quality code, collaborating effectively in Agile environments, and continuously learning new tools and frameworks. Strong understanding of the full web development lifecycle from design to deployment.

💼 Experience

Genpact

Noida, India
06/2023 – Present

Front End Developer

➢ Developed and maintained user interfaces for web applications using React.js, JavaScript, and TypeScript.
➢ Implemented state management using React Hooks and Context API, improving the application's performance and scalability.
➢ Collaborated with backend developers to facilitate seamless integration of Frontend and Backend.
➢ Also worked on setting up a Data Warehouse and Google Cloud Functions using TypeScript, Terraform and Postgres Database Migration.
➢ Optimized web applications for maximum speed and scalability using modern web performance techniques.
➢ Unofficially led a team of 4-6 developers, providing mentorship and guidance on best practices.
➢ Utilized Agile methodologies, participating in daily stand-ups, sprint planning, and code reviews to ensure timely delivery of features.

Sarkari Doot (Self-Owned)

New Delhi, India
03/2023 – 05/2023

Full Stack Developer

➢ Developed and managed multiple websites and Android apps, demonstrating strong project management and full-stack development skills.
➢ Created and launched munshipremchand.com, a literary website dedicated to the works of Munshi Premchand.
➢ Developed and maintained websites including SarkariDoot.com and Munshi premchand.com.
➢ Utilized React.js, JavaScript, HTML5, CSS3, and backend technologies to build and deploy web applications.

Tata Consultancy Services

Mumbai, India
01/2020 – 03/2023

Front End Developer

➢ Built dynamic and responsive web applications using React.js, JavaScript, HTML5, and CSS3.
➢ Contributed to the migration of legacy codebases to modern React.js applications, improving maintainability and performance.
➢ Worked closely with UX/UI designers to create seamless user experiences and ensure design consistency.
➢ Participated in code reviews and provided constructive feedback to peers, fostering a collaborative development environment.

MilestoneOS

Noida, India
08/2019 – 10/2019

JavaScript Intern

➢ Acquired practical knowledge of JavaScript fundamentals and advanced features.
➢ Participated in hands-on exercises and coding sessions to strengthen understanding.

✕ Skills

Frontend Technologies – React.js • JavaScript (ES6+) • TypeScript • HTML5 • CSS3 • JSX

State Management – React Hooks • Context API

Build Tools – Webpack • Babel • NPM • ESLint • Prettier

Version Control – Git • GitLab • GitHub

Back-End Basics – Node.js • SQL • PL-SQL • Postgres • pgAdmin

Deployment & DevOps – CI/CD Pipelines • Docker • Google Cloud Platform (GCP)

Other Tools – Visual Studio Code • Jira • Miro • Postman • Confluence • Jenkins

Methods – Agile Methodology • Test Driven Development • Code Review Practices
